Dear Parents, Schools & Healthcare Professionals!

To maximize our safety and to stay in line with our maximum clinic capacity of 18 people, Specialized Speech Technologies, Inc. has decided to suspend summer groups this year and, as an alternative, offer

TELETHERAPY SUMMER GROUPS!

Many virtual groups are available! Take a look and see which one is right for you or someone you love!

Specialized Speech Technologies inc

8740 Orion Place, Suite 110 • Columbus, Ohio 43240

Why sign-up for a TELETHERAPY SUMMER GROUP with SST?

We offer the MOST for your SUMMER needs!

- Don't let summertime regression affect the progress your child has made this year in Speech, Occupational or Physical Therapy!
- Our virtual Summer Groups provide a functional way of helping your child learn new things and practice goals in a realistic setting!
- All groups offer modeling and support from a licensed therapist to help your child reach established goals!
- Group participants get support from peers & building of confidence through newfound friendships!
- Take advantage of an online multi-disciplined approach with our wide variety of summer programs!

DON'T LET SUMMERTIME BOREDOM

GET THE BEST OF YOU!

Join in the fun TODAY!

Handwriting & Grasp with PHONICS:

ST & OT– TELETHERAPY

*** Back by popular demand! ***

Fee: $360.00*

Ages: 4 to 6 and 6 to 9

Class Length: 1 hour for 8 weeks

Schedule: Ages: 4-6, Tuesday, 11-12

Ages: 6-9, Tuesday, 12:30 to 1:30

This class consists of fine motor, visual motor, and graphomotor activities to facilitate age appropriate grasping patterns & foundational skills for handwriting success. The Handwriting Without Tears curriculum will be used as the basis for handwriting instruction. Each session will also consist of a phonological awareness, phonemic awareness and phonics component to accompany newly introduced writing skills. All phonics work is designed to support literacy & reinforce appropriate speech foundations.

Prerequisite: For all sessions, children need to have receptive language skills in the moderately delayed to average range, be able to follow directions, and participate in table work with a group of peers.

Each session will be led by an **Occupational Therapist** and **Speech-Language Pathologist.**

*** Parent/Caregiver will need to be present and have class materials available**. *****

Kindergarten Readiness: ST & OT– TELETHERAPY

NEW GROUP designed to get your child ready for Kindergarten!

Fee: $360.00*

Group Ages: 4-6

Class Length: 1 hour for 8 weeks

Schedule: Monday, 2:00 to 3:00

Children will enjoy engaging in a variety of developmental activities to help build fine motor, visual perceptual motor, self-care, sensory, and communication skills needed for Kindergarten. We will work on many skills such as pre-writing, pencil grasp, coloring, drawing, scissor cutting, coordination, and managing fasteners on bookbags/ clothing. In addition, children will learn strategies to help with self regulation, attention, sitting at a table/desk, following directions, social skills, expressive language, speech sounds and much more! This class will be tons of fun while also preparing your child for school!

Each session will be led by a **Speech-Language Pathologist** and **Occupational Therapist.**

*** Parent/Caregiver will need to be present and have class materials available**. *****

Social Cooking: ST & OT– TELETHERAPY

*** Back for a 4th year! ***

Please notify front desk of any food allergies.

Fee: $360.00*

Ages: 7-10

Class Length: 1 hour per week for 8 weeks

Schedule: Monday, 12:00 to 1:00

Come join us in a fun, social environment to improve social skills, fine motor, & sensory skills. This group, led by an OT and SLP, will focus on socialization around food! Your child will love the opportunity to work on fine motor skills & language skills to prepare food, to work on sensory skills with trying new foods & improve socialization & teamwork by enjoying the company of peers during this experience! Social skills will include asking & answering questions, maintaining topic of conversation & problem solving!

This group will be led by a **Speech-Language Pathologist** and an **Occupational Therapist.**

*** Parent/Caregiver will need to be present and have class materials available. ***

Stuttering Group: ST – TELETEHRAPY

*** NEW GROUP! ***

Fee: $260.00*

Ages: 6-9

Class Length: 1 hour for 8 weeks

Schedule: Monday, 3:30 to 4:30

Our new stuttering group is designed for children ages 6-9 years who stutter and would like to learn more about stuttering, as well as use tools and strategies to communicate effectively. Group members will participate in games and activities to address strategies for producing more fluent speech, discuss how speech is produced, learn facts about stuttering, learn about others who stutter, and share experiences related to stuttering. This group will provide fun and engaging Opportunities for your child to apply new skills for being a confident and effective communicator as well as build new friendships with other children who stutter.

Each session will be led by a **Speech-Language Pathologist.**

*** Parent/Caregiver will need to be present and have class materials available. ***

Lindamood Phoneme Sequencing ®Program: Literacy Program

*** This EDUCATIONAL 1:1 session is back for a 6th year! *** - TELETHERAPY or IN-PERSON

Fee: $1,040.00*

Ages: Any reader could benefit!

Class Length: 2x per week for 30 minutes per session (60 minutes of 1:1 per week)

Schedule: Call for Availability!

The Lindamood Phoneme Sequencing® (LiPS®) program helps children develop the sensory-cognitive function of phonemic awareness. Unlike most reading, spelling and phonics programs, LiPS instruction directly applies phonemic awareness to the identification & sequencing of sounds in words. Students in the LiPS program move through a series of steps to learn how their mouths produce the sound of language. This kinesthetic feedback enables them to verify the identity and sequence of sounds within words, and to become self-correcting in reading, spelling, and speech. This group is appropriate for children experiencing difficulty learning to read, specifically with decoding skills.

Prerequisite: Must be able to attend a literacy task for at least 30 minutes.

Each session will be led by a **Speech–Language Pathologist.**

*** Parent/Caregiver will need to be present and have class materials available**. ***

Music & Movement: OT & PT– TELETHERAPY

*** Bring your dancing shoes! This group is sure to get you on your feet! ***

Fee: $360.00*

Ages: 3-6

Class Length: 1 hour for 8 weeks

Schedule: Monday, 4:00 to 5:00

Combining music & movement helps toddlers learn to control their bodies & have fun at the same time! Practice coordination, balance &strength skills all with the fun of music! This group will focus on body awareness, as well following directions!

Each session will be led by both a **Physical and Occupational Therapist!**

*** Parent/Caregiver will need to be present and have class materials available**. ***

Visualizing & Verbalizing : ST– TELETHERAPY or IN-PERSON

for Language Comprehension and Thinking®: Literacy Program

Fee: $1,040.00*

Ages: Any reader could benefit!

Group size: 1:1

Class Length: Individuals meet 2x per week for 30 minutes per session (60 minutes of 1:1/week)

Schedule: Call for Availability!

The Visualizing & Verbalizing for Language Comprehension and Thinking® program helps struggling readers develop the sensory-cognition function of concept imagery. Unlike most reading & comprehension programs, V/V directly applies concept imagery to the comprehension & expression of both oral & written language, as well as critical thinking skills. Students in the V/V program learn to create an image gestalt, then integrate that imagery with language to strengthen their comprehension and critical thinking. This program has been proven successful for individuals exhibiting symptoms of hyperlexia, ADHD, ASD, CAPD and other learning difficulties.

Prerequisite: The ability to speak in sentences, attention skills for focusing on tasks that are lacking pictures.

Each session will be led by a **Speech-Language Pathologist.**

*** Parent/Caregiver will need to be present and have class materials available**. *****

Zones of Regulation Social Group: ST & OT

*** Back for a 5th year! *** TELETHERAPY

Fee: $360.00*

Ages: 6-10

Class Length: 1 hour per week for 8 weeks

Schedule: Monday, 5:30 to 6:30

This collaborative Occupational and Speech Therapy group focuses on the essential skill of self-regulation, using the best-practice aligned, cognitive behavioral program called the Zones of Regulation. This program addresses underlying deficits in emotional and sensory regulation, executive functioning, & social cognition. The goal of this group is for students to learn to identify their feelings/level of alertness, understand the social impact of their behaviors, and learn how they can mange their emotions.

Prerequisite: Speaking in phrases or sentences and willingness to participate in group activities with peers

This group will be led by a **Speech-Language Pathologist** and an **Occupational Therapist.**

*** Parent/Caregiver will need to be present and have class materials available**. *****
